

# Without Vowels Project voting member commitment

I apply to become a voting board member of Without Vowels Project nonprofit organization.

I realize that the decision to make me a new voting member is made by voting of existing voting members.

By applying I certify that I vote only in accordance of the purpose of the organization to explore and research Hebrew Bible as it was originally written (especially without vowels).

I commit that my voting may change the rules of the organization, but the overall purpose and base principles of non-confessionality and neutral point of view cannot be changed.

I allow to publish this document in open access on the Web.
